ABOUT PRINCE2

PRINCE2 (Projects in a Controlled Environment) is a de facto process-based method for effective project management. Used extensively by the UK Government, PRINCE2 is also widely recognised and used in the private sector, both in the UK and internationally. PRINCE2 is a structured project management method based on experience drawn from thousands of projects – and from the contributions of countless project sponsors, Project Managers, project teams, academics, trainers and consultants.

NUMBER OF ATTENDEES

At least 15 Attendees to open class

COURSE OBJECTIVES

The Course/Workshop covers the questions frequently asked by people involved in project management and support roles. These questions include:

- 1- What's expected of me?
- 2- What does the Project Manager do?
- 3- What do I do if things don't go to plan?
- 4- What decisions are I expected to make?
- 5- What information do I need or must I supply?
- 6- Who should I look to for support? For direction?
- 7- How can I tailor the use of PRINCE2 for my project?

WHO SHOULD ATTEND

We prefer this course for the following roles and participants:

- 1- Managers in IT service providing firms
- 2- Process Practitioners
- 3- IT developers
- 4- IT leadership
- 5- IT quality professionals
- 6- IT managers
- 7- IT auditors
- 8- Project Managers
